Realism as a Noun

Definitions of "Realism" as a noun

According to the [Oxford Dictionary of English](#), “realism” as a noun can have the following definitions:

- *The doctrine that the law is better understood by analysis of judges rather than the judgements given.*
- *The view that the subject matter of politics is political power, not matters of principle.*
- *The attitude or practice of accepting a situation as it is and being prepared to deal with it accordingly.*
- *The state of being actual or real.*
- *The attribute of accepting the facts of life and favoring practicality and literal truth.*
- *The doctrine that matter as the object of perception has real existence and is neither reducible to universal mind or spirit nor dependent on a perceiving agent.*
- *(philosophy) the philosophical doctrine that abstract concepts exist independent of their names.*
- *The quality or fact of representing a person or thing in a way that is accurate and true to life.*
- *An artistic or literary movement or style characterized by the representation of people or things as they actually are.*

- *An artistic movement in 19th century France; artists and writers strove for detailed realistic and factual description.*
- *The philosophical doctrine that abstract concepts exist independent of their names.*
- *The doctrine that universals or abstract concepts have an objective or absolute existence. The theory that universals have their own reality is sometimes called Platonic realism because it was first outlined by Plato's doctrine of 'forms' or ideas.*
- *(philosophy) the philosophical doctrine that physical objects continue to exist when not perceived.*
- *The philosophical doctrine that physical objects continue to exist when not perceived.*
